Biodiversity Research Cell, Dept of Zoology of Carmel College for Women Goa, partners  
with Goa State Biodiversity Board and Wildlife Institute of India in  
organizing International Webinar on

## Diversity and Conservation Concerns of Marine Mammals

### About

#### Biodiversity Research Cell (BRC)

Biodiversity Research Cell (BRC) of the Department of Zoology, Carmel College for Women Goa; was established in the year 2000, and has since focused on addressing gaps in understanding of Goa's faunal Biodiversity. It has contributed significantly to National and State level Biodiversity Strategy and Action Plans.

As a research unit of Goa's premier Institution of higher learning for women, BRC's core mandate is to foster eco-feminist leadership.

The BRC also seeks to facilitate knowledge dissemination in the area of Conservation Biology, for awareness and capacity building of stakeholders.

#### Goa State Biodiversity Board (GSBB)

An autonomous body of Government of Goa under Department of Science, Technology and Environment, situated in the premises of Department of Science, Technology and Environment, Saligao, Bardez- Goa. The Board works under the Chairmanship of Hon. Minister for Environment.

The GSBB advises the State Government on matters relating to the conservation of biodiversity, sustainable use of its components and equitable sharing of the benefits arising out of the utilization of biological resources and perform other functions necessary to carry out the provisions of the Biological Diversity Act, 2002 or as may be prescribed by the State Government.

#### Wildlife Institute of India (WII)

Established in 1982, Wildlife Institute of India (WII) is an internationally acclaimed Institution, which offers training program, academic courses and advisory in wildlife research and management. The Institute is actively engaged in research across India on biodiversity related issues.
