

Postgraduate Department of Food Technology

Microbiologist Society of India (MBSI) Student Club

Logo

Vision

The core vision of the student membership and student chapters under the Microbiologists Society of India (MBSI) is focused on 360-degree holistic development of life sciences students, bridging the gap between classroom theory and real-world scientific applications.

Mission

The mission of the Microbiologists Society India (MBSI) student membership is to promote microbiology education, encourage scientific research, and provide career guidance for life sciences students

Objectives

1. Promote Science: Advance the science and practical study of microbiology among young minds.
2. Skill Development: Organize academic competitions, lectures, and workshops through college student units.
3. Community Engagement: Run awareness campaigns and outreach initiatives (like Microbiology Awareness Cells) addressing health and environmental issues.
4. Industry & Academia Link: Connect students with educators, researchers, and industry professionals.

Coordinator: Dr. Maria Carina Cordeiro

Membership details:

1. MBSI collects the fees from the college coordinators

2. An annual membership certificate is awarded to each registered student.
3. Students fill out the prescribed information form, and the records are maintained with the department.
4. Nomination of the names of the president, secretary and treasurer from the students.
5. The photographs and reports of various activities are uploaded on the website of MBSI.
6. Awards for local and national recognitions, such as the "Best Student of the Department" award.
