CARMEL COLLEGE OF ARTS, SCIENCE, & COMMERCE FOR WOMEN, NUVEM – GOA

ACTIVITY REPORT

Department/ Club	Postgraduate (Co-ed) Department of Food Technology in collaboration with Research Development Cell
Title of the Activity	Research Proposal Competition titled 'Bromatologia 2.0'
Date of the Activity	23 July 2026
Nature of the Activity	Offline
Venue	PGCR4, Nirmalini A.C. Block
Academic Year	2025-2026

Objective(s) of the Activity:

1. To provide students with practical exposure to the functioning of a professional testing and analytical laboratory.
2. To familiarize students with laboratory facilities involved in food, water, environmental, marine and aquaculture, and microbiological testing.
3. To introduce students to various analytical instruments and their applications in routine testing and analysis.

Activity Overview:

The second edition of the event, Bromatología 2.0, a research proposal competition, was successfully held on 23rd July 2026 at PGCR4 in the Nirmalini A.C. Block. The competition was organised by the Postgraduate Department of Food Technology (PGFT) in partnership with the Research & Development Cell to foster a spirit of research and innovation among students. The event aimed to provide a platform for students to present their innovative research ideas and receive valuable feedback from a panel of experts. The event saw enthusiastic participation from students of the PGFT. A total of eight students participated in the competition, showcasing a diverse range of research proposals. The faculty members of the department evaluated the proposals. Participants developed and pitched novel scientific proposals focused on key domains of food science, including food chemistry, safety, preservation, processing, and nutritional analysis. Each participant presented their research objectives, literature context, experimental methodology, and budget requirements to the panel. The session provided a rigorous feedback loop, testing students on feasibility, scientific

rigour, and potential industry application. Ms. Sohani Chari emerged as the winner of the competition and was awarded a research grant of Rs. 2000/-.

Outcomes of the Activity:

1. Students gained hands-on experience in drafting structured, grant-ready academic research proposals.
2. Presenters refined their public speaking and technical defence skills under direct questioning from the review panel.
3. The competition successfully identified a high-potential research initiative and awarded seed funding via a research grant to execute the project.

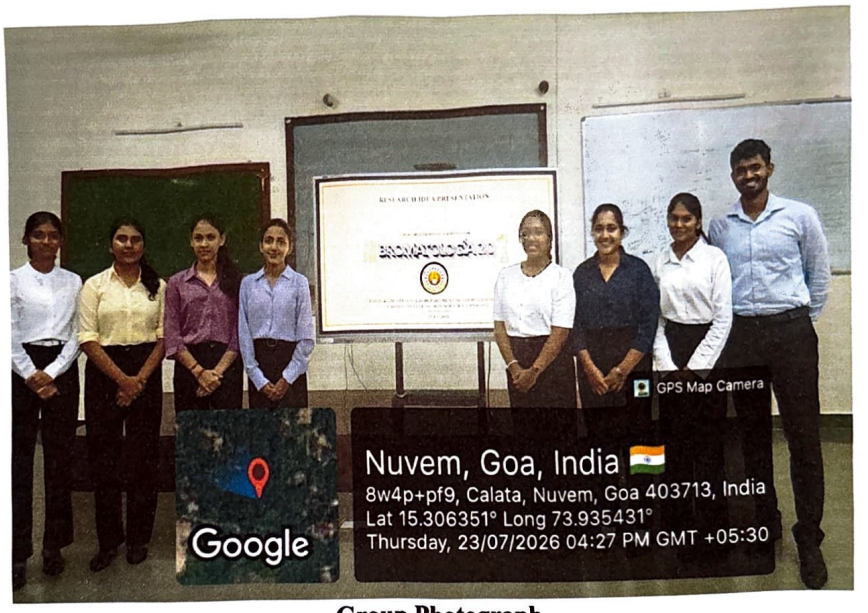

Beneficiaries:

Participants	Males	Females	Total
No. of Students	6	27	33
No. of Staff	0	4	4
Total	6	31	37
